

Ideas Competition for the Innovation Conference Cyber and Information Technology on November 11th, 2020

With our annual Innovation Conference *Cyber and Information Technology*, we are seeking to find new ways to identify novel, disruptive, and innovative ideas for relevant IT-applications in the field of interest of the German Federal Ministry of Defence.

Interested institutions (e.g. colleges, universities, research institutes, start-ups, companies), teams and individuals are invited to submit concepts for innovative digitization ideas. The best solutions may be presented to the professional public at the conference CODE 2020. Application deadline is July 31st, 2020.

Title: Academic title: First, last name:

Name of participating organizations/companies/
institutes (not applicable to individuals):

Phone: Email:

Street: Zip code: City:

Presentation of the team submitting the idea.

Please introduce your team briefly (if not an individual). Illustrate your cyber experience.

(max. 800 marks)

Please state the title of your idea.

Please summarize your idea and the problem it solves.

(max. 500 marks)

Describe your idea, concept or model in detail and how it solves the problem above.

Please answer the key questions:

- What is the basic idea?
- How could your idea be put technically and administrative into practice?
- Are all necessary technical components available for implementation
- Which actors should work together and how?
- To what extent can convergence be guaranteed to existing systems (of the Bundeswehr)?

Please explain in detail the problem that will be solved with your idea.

(max. 2.800 marks)

What is the specific additional value of introducing your idea compared to established products?

Please consider the following key questions:

- How is the problem solved so far?
- What advantages would your idea offer compared to previous products?

(max. 5.000 marks)

Which technical, organizational and legal obstacles would have to be overcome for a quick implementation?

(max. 2.800 marks)

Visualization of your idea

You can visualize your idea with a graphic, chart or picture. The graphic should visualize and a picture should depict your idea.

Please submit the completed PDF form digitally via email to code@unibw.de no later than July 31st, 2020.

If you have any questions regarding the submission of your paper or the innovation conference, please mail to BMVgCITI2@bmv.g.bund.de oder code@unibw.de.

Thank you for your participation.
