

InsurTech Hub Munich e.V.

The InsurTech Hub Munich e.V. is a digitalisation platform in the insurance industry that brings well-established corporates together with innovative startups who radically question the status quo. The core offerings are “Connect– Accelerate – Scale”, by linking startups, technology companies, academia as well as neighbouring industries in order to shape the future of the insurance industry together.

The InsurTech Hub is located at WERK1, ‘the most start-up-friendly place in Munich’. An ideal spot for revolutionising ideas and making entrepreneurial dreams a reality. With startup offices, coworking spaces, cafés and countless events, WERK1 is the place to be for digital entrepreneurs in Munich.

Innovation Programme Associate (May-August)

Looking for a unique opportunity to join an Innovation Programme?

Do you want to be part of revolutionising the insurance industry? Do you want to be part of how top startups work with some of the best known insurance names? Are you looking for one of the most vibrant and startup-friendly places in Germany? Do you want to work in a highly motivated team that is working on nothing less than on the digital revolution of one of the most relevant industries in Europe? We might be a perfect match for you.

InsurTech Hub Munich (ITHM) runs the W1 Forward InsurTech Accelerator Programme, an exciting early stage accelerator programme, which typically runs twice a year with 10 participating startups per batch. W1 Forward InsurTech Accelerator Programme is a flagship accelerator, tailored for high-potential early-stage startups who want to strengthen their entrepreneurship skills, get access to internationally renowned corporates, local champions in the insurance industry as well as partners from the insurance value chain (e.g. consulting firms, audit firms, loss adjuster). The programme is designed for founders who want to participate in an intensive, modular programme and are keen to access ITHM’s outstanding partner network, mentors and alumni.

You will support our Director Programs & Strategy in executing the Accelerator programme (from May till August) and collaborate with the startups. You will closely accompany the founders in outlining their business ideas in order to achieve the goal of developing successful pilots and long-term projects with ITHM’s partner companies.

What you’ll be doing:

- Gain practical experience and insights on the organisation of an Accelerator Program
- Support startups to optimize their products and business models for digital transformation projects with the InsurTech Hub Munich partners
- Accompaniment and co-responsibility of events which are crucial for the success of the program (e.g. investor breakfast)
- Collaboration with the entire InsurTech Hub Munich team
- Working in the heart of the Munich startup scene

What we are looking for?

- Currently studying or completed university degree with focus on business / economics or design
- Interest in accelerator programs, innovations, the start-up scene and start-up ecosystems
- Optimally first experience in project management as well as with methods like lean startup, human-centered design and design thinking
- Affinity to technology topics
- Fluent in English and ideally some German language skills
- Strong team working skills

What we're offering:

- Access to Europe's largest and growing InsurTech ecosystem including leading corporates, high potential startups and a large network of partners, including further players in involved in the digital revolution
- Opportunity to expand your professional network in the field of innovation
- Close connection to selected international founders
- A highly motivated team in one of the most vibrant and startup-friendly offices

We are looking forward to receiving your short application including CV, to:
