

IEEE International Workshop on Biometrics and Forensics

24-25 April 2025

Munich, Germany

The 2025 IEEE International Workshop on Biometrics and Forensics (IWBF 2025) will be held on April 24-25, 2025, in Munich (Germany). IWBF is an international forum devoted to facilitating synergies in research and development among the areas of multimedia forensics, forensic biometrics, and forensic science. State-of-the-art research in areas such as biometrics, forensic science, surveillance, and multimedia forensics will be presented.

The 13th edition of IWBF will be a meeting place for those concerned with the use of advanced biometric technologies in forensic applications, attracting participants from industry, research, academia, and end-users.

Topics of interest include, but are not limited to:

- Biometrics
- Attacks to biometric recognition systems
- Multimodal biometrics
- Soft biometrics
- Mobile biometrics
- Biometric analysis of crime scenes
- Forensic Science
- Multimedia forensics
- Integrity verification
- Anonymization & Data Privacy
- Data de-identification
- Surveillance
- Ethical and societal implications of biometrics and forensics
- Information Theoretic Security
- Adversarial Signal Processing for biometrics and forensics
- Case studies on the aforementioned topics

Accepted papers will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements (approval pending).

Paper Submission:

The IWBF 2025 Technical Program Committee invites submissions of original and unpublished work, in English, with up to 6 pages including results, figures, and references (overlength submissions will not be reviewed). Accepted papers should be presented by one of the authors as a condition for publication. More details available at: <https://www.unibw.de/iwbf2025/>

Important Dates:

Paper submission: **January 31, 2025**

Decision to authors: **February 28, 2025**

Camera-ready submission: **March 15, 2025**

Workshop: **April 24 and 25, 2025**
